- CRS
- The Carter Center
- Habitat for Humanity
- International Rescue Committee
- Marie Stopes International
- Mennonite Central Committee
- Oxfam
- PATH
- SOS Children's Villages International
- VSO
- WaterAid
- Winrock International
DSFW Technical Literacy Partners

- humentum
- PLURALSIGHT
- Microsoft
- techsoup
NetHope Response in Puerto Rico

**Legend**

Response Sites as of October 30, 2017

- 23 = Planned Sites
- 31 = Completed Sites
- 39 = Identified Sites
Our Mission

NetHope empowers committed organizations to change the world through the power of technology.
Child Mortality >5

Country progress on child mortality and education, 2000–2017

Each dot represents one country in 2000 (gray) and 2017 (blue).

- SDG targets:
  - ≤2.5% under-five mortality rate
  - ≥12 mean years of schooling
Child Mortality >5

Child mortality and education in Chad and Finland, 2017

Each dot represents one country in 2017

More children die in Chad every day than die in Finland in an entire year.

The average Chadian never finished primary school. The average Finn attended college.
