What is No Lost Generation?

The No Lost Generation initiative is an ambitious commitment to action by humanitarians, donors, and policy makers to support children, and youth affected by the Syria and Iraq crises. It was launched in 2013, and is now in Phase II, which covers the period 2016-2018.

Focused on adding value to existing efforts, No Lost Generation is embedded within existing humanitarian plans.

No Lost Generation:

- Provides an overarching regional framework for key areas of the response.
- Provides platform for joint advocacy on the priorities for children and youth.
- Amplifies the voices and perspectives of adolescents and youth.
- Links efforts in different sectors to achieve results on issues which cannot be addressed by one sector alone, such as child labour or child marriage.
- Combines immediate response with strategic investments for the future.
- Mobilises resources for sectors at risk of underfunding.
